Community Consultation Submission: Spit Junction Masterplan now on public exhibition

Minimal attention given to the two main areas of concern - traffic and parking. Serious inaccuracies and inconsistencies, as pointed out by Counsellors Bendel and Abelson. Lack of research into the needs (if any) of the Library and Council for changes. Contradiction of previous decisions not to build to 10 stories again. No costing or timeframe. Very inadequate report - don't deserve to be paid for it! Drastic, expensive changes are not needed. Listen to Mayor Abelson's sensible response to do things on smaller scale, as needed.
